Smart Natural Air Purifier is a filtration system with a double pot, based on the principle of phytoremediation.

The filtering system is characterized by the presence of a technological heart that exponentially increases the passage of air through the plant where, thanks to the combined action of microorganisms in the soil associated with the roots of the plant, harmful substances in the air are converted in nutriment for the plant itself.

-93% less pollution in your environment

36 m$^3$ purified area
Smart Natural Air Purifier connects to Wi-Fi and it can be managed with a proprietary App. Thanks to the App you can manage your Smart Natural Air Purifier remotely, wherever you are. You have real-time pollution analysis and you can monitor temperature and humidity.
Self Watering System
Extremely quiet
Low Energy Consumption

Advanced sensors
Clairy App
Made in Italy
Alabastro

Alabastro, classic never goes out of fashion. Fits every style and room, a must for your house. Years go by and trends change but Smart Natural Air Purifier Alabastro always gives the right touch, its color fits perfectly every house.
Blu Mare, deep and intense. The perfect Smart Natural Air Purifier for every situation, it will bring calm and peace to your house but also energy thanks to its wonderful sea blue. Fits perfectly every decor with style and elegance, a must for a real design lover.
Corallo

Corallo, the fresh and pop color. Perfect to give a racy touch to your home turning it into fun and games. Smart Natural Air Purifier Corallo brings light and happiness to your house, like a sun beam after the rain.
Acquamarina

Acquamarina, the modern color but with a vintage soul. Innovation and design but with a look to the past, sensations and emotions of the old days that we can rediscover. Smart Natural Air Purifier Acquamarina with an old record player gives the perfect touch to every modern tech house.
Nero

Nero, strong and firm. Ideal for a house that wants a minimal and essential decor. Made with the special technique called “Terzo Fuoco” only crafted by the best Italian artisans. The matte finishing makes it even more elegant and classy. Smart Natural Air Purifier Nero will change every room of your house, making it modern and stylish.
Rame, the perfect color to give a luxurious touch. Made with the special technique called “Terzo Fuoco” only crafted by the best Italian artisans. The magnificent finishing of Smart Natural Air Purifier Rame will make it the most astonishing design object of your house. Your guests will be amazed by it and you won’t be able to stop looking at it.
Tripod

Make your room warmer with the luxury beechwood tripod. Place your Smart Natural Air Purifier on its amazing handmade tripod so it can stand out in your home.
Plants you can use

The NASA Clean Air Study, published in 1989, suggests that many common indoor plants provide a natural way of removing toxic agents such as benzene, formaldehyde and trichloroethylene from the air, helping neutralize the effects of sick building syndrome.

Spider Plant
Italian ceramic, elegance and quality

The Smart Natural Air Purifier is realized with the artisans of polo di Nove (VI), an area of northeastern Italy full of traditions and generations of ceramists.

Vitesy products are manufactured using the old handmade craftsmanship techniques, enhanced by the care of detail and handcrafted finishes.
