

The Artificial Tree & Plant Collection

# 2021

TreeLocate have been manufacturing and supplying artificial trees, flowers and foliage for 25 years and have an established reputation for premium grade products with an incredibly realistic appearance.

Our extensive product offering has everything from small tabletop orchids, to soaring Majesty palms and we have long been the preferred supplier to many interior designers, landscapers and architects around the world.

With headquarters, main showroom and primary production facilities located in North East England we have completed projects around the globe. Our TreeLocate Foliages™ team in Dubai operate from a large warehouse and showroom, handling all MENA region requests.

If you require something a little more bespoke, we can build it for you to any specification requested. From TreeLocate's Arboretum™ museum grade trees to maintenance free green wall, our talented artisans have years of experience, know-how and all the tools in-house to do it.

The TreeLocate team ensure you receive our friendly and professional service whether you are a returning or new customer. We quote for any job big or small and are more than happy to assist and offer you advice on any project.

# Our Brands

## FireSilx

FLAME RETARDANT FOLIAGE

Avoid the spread of fire and protect your business by offering guests, customers and staff a stunning yet safe environment with our FireSilx inherently fire retardant foliage.

With an incredibly realistic appearance, high quality materials and inherently fire retardant properties guaranteed for life, FireSilx trees, plants and foliage are the number one choice for architects, landscapers and designers looking to add a special touch to any project.

FireSilx products are manufactured with fire-resistant materials and chemicals making them 100% fire retardant right down to the core.

FireSilx foliage has been rigorously tested to ensure they meet different fire-safety standards around the world, including the German building standard DIN 4102 B1. An impressive collection of official worldwide FR certificates are all available on request.

## UVSilx

COLOURFAST FOLIAGE

Constant prolonged exposure to bright sunlight can cause irreparable damage and colour loss to some artificial plants and foliage.

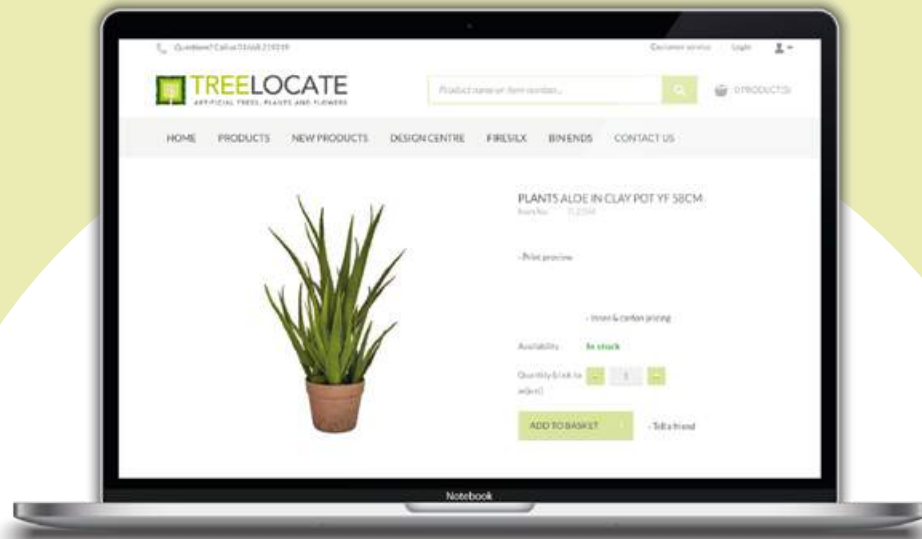

UVSilx artificial foliage address this issue by offering ultraviolet protection and resistance to the colour damaging effect of extreme heat and direct sunlight. UVSilx products are manufactured with premium quality UV resistant materials.

The products are tough, inherently fade resistant and capable of withstanding large variations in temperature while remaining incredibly realistic.

You'll find UVSilx products outside proving the test of time all around the world. We test our UVSilx products to ISO 489-3 and ASTM G154-12a, and official certificates are available on request.

# VISIT OUR WEB STORE

The TreeLocate web store is the perfect place to view all our products, check real-time stock, place orders, create quotes and manage your account. Quickly find specific products by using our handy search filters or use the store's super simple navigation to browse our collection effortlessly.

Login with your account details, or contact us to set up your online account.

## Stem Flowers

Our stemmed flowers collection draws upon a regularly changing list of alpine, equatorial, temperate and tropical species that provide for seasonal refreshing of indoor and outdoor floral displays and landscaping.

All the flowers in this collection are botanically accurate and incredibly detailed - at arm's length, it is often impossible to decide which are living flowers and which are our artificial.

# Foliage

An extensive collection of foliage and leaf-sprays for creating artificial bushes, shrubs, trees, and undergrowth, featuring many of the world's favourite types.

Seasonal variations are provided for many species, allowing you to rotate between Spring, Summer and Autumnal presentations to retain authenticity and interest in your interior and exterior landscaping. Most products in this category are now available in FireSilx inherently fire retardant materials, and also available in UVsilx colourfast materials.

## Feature Trunk Bespoke Tree

Handmade, pre-potted and each tree completely unique. Our new and exciting range of bespoke trees are designed to be cost-effective and quickly manufactured by our skilled TreeBuilders.

We use real preserved coffee stem trunks, giving each tree its own beautiful and natural look. The canopy is foliated with the same premium grade foliage that we use in our Arboretum range, ensuring a realistic appearance.

Contact us to find out more information on the trees and the lead time to expect.
